## Horses On The Road

One of the best arguments against excessive speed on hard roads at night is the frequent presence of horses or other livestock on the right-of-way.

The animal might be there of course. According to law they should not be permitted to run at large. But if a horse gets through an unfenced gate or a gap in the fence and ranges on the hard road, the first automobile driver who comes along, at 60 miles or better, hasn't any immediate appeal to the law.

If the horse and car arrive at the same place at the same time, the usual result is that both go flying through the air. The occupants of the car are extremely fortunate if they come through the experience without injuries.

Accidents of this kind are reported frequently. Horses, cattle and hogs have been the cause of serious mishaps. There seems to be no iron-clad guarantee against livestock wandering in front of automobiles.

Farmers should take extra precautions to keep their stock from getting out and endangering lives. Automobile drivers should be on the alert for such situations, too, and not make a speedway of open highways after night.

No one knows when a 1,700 pound horse is going to show up suddenly in front of the car lights. A 400 pound hog would have about the same effect on a speeding automobile. The senseless thing to do is to reduce speed and lower the chances of a serious crash.

## A Social Security Office

The Social Security Board, Bureau of Old Age Insurance, is reported to be preparing to open a branch office in Jacksonville. In view of the fact that the people probably know less about the workings of this government agency than any other, and that many questions go unanswered because few are qualified to answer them, establishment of such an office in this city would undoubtedly serve to clarify much misunderstanding.

The average employed person and his employer are aware of the general plan of the Social Security setup, but there are many angles that are not clear. In fact, the federal pension plan which became effective in 1935 is still in its infancy. Legislative developments and revisions in the law will take place from time to time. A Social Security office is needed in this city. There should be a source in this community authorized and competent to discuss and explain these important matters to the public.

## Forests Of The Future

For years we have heard the doleful song of the waste of forest trees and the prospect of a treeless nation in some not far distant day. Cutting down trees is of course still going on, mainly in the Pacific states.

But other trees are being planted as the millions to replace those now falling to the axmen's blades. The national forest service, a department of the federal government, cites that 140 million trees were planted during the last year. These are located in 21 different states, and the area covered by the newly planted trees amounts to 154,000 acres.

It costs the government about \$10 an acre to set out young trees, and it is estimated that the last year's plantings are worth seven million dollars at their present stage.

The movement to plant trees is now general, and the federal government, many state governments and numerous private organizations and individuals are helping along this work.

## By-Product Of Prague

One thing has been accomplished by Adolf Hitler in his conquest of Czechoslovakia.

He has swung wider the door to closer relations between the Americas. His recent acts have frightened and embittered millions of people in

South America. They turn naturally toward closer relations with the United States as their best bet for safety. And the United States also turns south for the sort of understanding that will alone make this hemisphere safe from any possible overseas menace.

From Panama, San Salvador, and the Dominican Republic have come journalistic cries urging closer relationships between the Americas for common defense against any possible emergency. In Columbian ports, visitors to German and Italian ships have been given the "bum's rush" when they made remarks unfavorable to dictatorialships.

Whatever else Hitler has done, he has forced another and stronger tie between the two Americas.

## I. C. Debaters Plan Southern Trip; May Enter Eastern Meet

## Five Persons on Team Which Will Engage Several Southern Colleges

The Illinois College debaters have completed preparations for their southern trip and are now in the process of putting the finishing touches on their speeches.

John Wilson and Nick Piazza have been selected to represent the college as an affirmative team; Jean Hayes and Clarence Evans will uphold the negative on the question concerning the governmental practice of using money and credit to encourage recovery. Edward Johnston, a four year man on the team, is slated to accompany the team as a utility man and as a potential entry in the individual events at the Grand Eastern events at Rock Hill, South Carolina.

Wilson and Piazza competed against a team from MacMurray, composed of Virginia Allen and Barbara Allen, before the Jacksonville Kiwanis club. Each speaker was allowed five minutes for a constructive speech, but the rebuttal time was increased to fifteen minutes per speaker which was taken up by questions from the floor. This was the final practice debate for the I. C. team.

Debates have been scheduled with colleges all along the route, including some with Roanoke College, Winthrop College, Talladega College, Charleston City College and others. The debaters are expecting to take part in the Grand Eastern debate tournament which takes place April 11-13 at Rock Hill, S. C. Transportation for the trip is being furnished by Nick Piazza who will drive his car.

## Local Women Return From Garden Tour

## Visited Many Places in South During Trip Through Three States

Mrs. Courtney Crouch Wright, Mrs. Walter Bellatti and Miss Ann Bellatti have returned from a tour, "Antebellum Gardens and Plantations" in Mississippi, Alabama and Louisiana. They spent three days in garden and home pilgrimages in Natchez, Miss.

The high points of the trip from Natchez to New Orleans were plantations of Rosedown, and Oak Alley. Near Mobile they saw the Bellinrath azalea gardens, and following an interesting visit in New Orleans they traveled through the Evangeline country along the Bayou Teche in Louisiana.

## LOCAL OPTION

Editor Journal and Courier: As a reader of the Journal and a voter in Road District No. Seven, I read with interest the many reasons why the sale of alcoholic liquor should be prohibited. We sometimes get temperance news from unexpected sources. Three weeks ago (March 3) the Nazi leadership called on German youth to assume "a new national duty"—abstinence from alcohol and tobacco, in emulation of Fuehrer Hitler who neither drinks or smokes, as an example for all. Twelve commandments are listed, to back a slogan urging that wholesome life is a national duty. These objectives are set out in part as follows: Abstinence of youth from alcohol and tobacco, abstinence of pregnant and nursing mothers, alcoholic abstinence whenever carrying special responsibility, such as driving an auto, severe penalties for alcoholic offenses; control of alcohol and tobacco advertising; prohibition of advertising that promotes alcohol or tobacco as beneficial to health or useful in preventing disease; establishment of public restaurants, which do not serve alcoholic drinks; increase in manufacture of non-alcoholic drinks at low prices; promotion of scientific experiments on non-alcoholic drinks; a publicity campaign on the nature of alcohol and the misuse of tobacco; education of youth in wholesome conduct as a national duty; physical exercise for the entire nation.

We may not agree with Hitler's religious views or political methods, but he has an excellent temperance program. Our chief executive, our governors and men in authority would do well to promote a similar national temperance program for America, rather than permitting the liquor interests to spend fifty million dollars a year for advertising and false propaganda "to make youth liquor conscious, make it smart to drink wine, put beer into every American home and to build up so large a voting public of steady drinkers that restriction will be impossible." If alcohol is bad for the German people can it be good for Americans? Certainly not.

Voters of Road District No. Seven will have an opportunity to vote Tuesday, April 4, on the question "Shall the sale at retail of alcoholic liquor be prohibited in this district." To vote dry vote yes. The result may depend on your vote. You will not have opportunity to vote again on this question for four years. It is reported that the liquor interest expect to use 25 automobiles to carry wet voters to the polls. The dry voters should not be asleep. Your vote will not count unless you go to the polls and cast your ballot. We must not fail. If all dry voters do their patriotic duty we will surely win the day.

Yours sincerely,  
Frank Bourn,  
R. 3, Jacksonville, Illinois.

## N.W.U. DOCTOR ON SANGAMON PROGRAM

Doctor Charles Edwin Galloway of Evanston, Associate in Obstetrics at Northwestern University Medical School, will be the guest of honor of the Sangamon County Medical Society on April 6th. A dinner in his honor will be held at the Leland Hotel at 8:30 o'clock and reservations are now being received by the secretary, Dr. E. Harold Ennis of Springfield.

The scientific program will begin at 8:00 o'clock with Doctor Galloway giving an illustrated lecture on "Treatment of Endocervicitis." He will show slides which were shown at San Francisco last June in connection with the American Medical Association meeting.

Doctor George Harvey and Doctor Rex Campbell of Springfield have been invited to lead the general discussion of Doctor Galloway's address.

Doctors of all adjoining counties are cordially invited to attend the program.

Doctor Emil L. Bernard of Springfield is president of the Sangamon County Medical Society.

## History of Opera House Told at Meet

## Gamma Chapter of Beta Sigma Phi Hears Discussion of Earlier Theater

Members of Gamma Chapter of Beta Sigma Phi gathered at the home of Marguerite Corrington, 136 Pine Street, Monday evening for their monthly meeting to which guests were invited.

Roll call was answered by naming a favorite book after which a short business meeting was held. Officers for the coming year were elected.

The program consisted of an informal talk about the history of the Grand Opera House by Miss Janette Powell who told something of the tastes and manners of the theatergoers of the 1800's in Jacksonville. In addition to the facts concerning the productions given in the Old Opera House which Miss Powell told, an added note of interest was given the program by first hand reminiscences by Mrs. John R. Robertson.

Mrs. Robertson mentioned briefly a number of famous actors and actresses whose careers she had followed through many years of play going. Mrs. Robertson, also, told of some of the dramatic work which she herself had done in connection with her more intensive musical training. Of immediate interest to the group was her description of her preparation for her role as Galatea in Pygmalion when it was produced for Horace K. Turner in connection with his unusual rotogravure display throughout cities of the east. This play was produced under the direction of William Seymour whose career included the direction of such stars as E. H. Sothern and Julia Marlowe.

At the conclusion of these talks members asked a number of questions which revealed their interest in the plays which had been produced at the Grand Opera House.

Refreshments were served by the social committee with Miss Powell pouring at the coffee table.

## CHANGE FUNERAL TIME

Funeral services for Mrs. Abbie Condit will be held at 2:30 o'clock Wednesday afternoon from the Winchester M. E. church. Friends please note change of hour.

of I., a companion of the lad shot to death, writes "We were merely looking for more beer, what law have we broken."

Roy L. Smith, noted lecturer and author says:

"A boy only a little past fourteen, belonging to one of our finest homes, returned to his home the other day and described in vivid detail to his mother, the exquisite 'bar' which had been set up in the home of a neighbor. He said it was the latest things in bars, equipped with silver and crystal in the most entrancing style.

"That boy was too young to know that the 'bar' in the neighbor's home was the dynamite that was planted under that home for its ultimate destruction. He did not know the danger lurking in that silver and crystal.

"The greatest difficulty to be met today among youth is the fact that 'good people' are using liquor. Beautifully gowned women sipping their cocktails in lavish cocktail lounges, give the impression that it is an extremely refined and cultured thing to do. The soft lights, carpeted floors, classical music, chromium lounges and chairs are all designed to conceal the nature of the poison that is dispensed within that cocktail lounge.

"Even within some of the 'best' homes the bar is set up. One pastor remarked to this writer last week that many young married couples of his church (most of whom were the well-to-do class) drank cocktails before dinner and laughed at his warnings.

"It is not necessary for any one to be a 'prohibition crank' to be greatly alarmed over such a situation. Alcohol makes slaves of its friends just as quickly in a cocktail lounge, under soft lights, to the tune of beautiful music, as in an old fashioned saloon with sawdust on the floor, hurdy-gurdies furnishing the music, and with the smell of stale beer all about. Dr. Will Mayo, of the famous Rochester clinic has said that three out of five who begin as occasional and 'moderate' drinkers, end up as chronic alcoholics.

"Webster's dictionary: 'Bar, n. obstruction.' 'Saloon, n. Bar-room or grog-shop.'"

## Many Jobs Open in Domestic Service, Says Army Captain

## Salvation Army Places Forty Persons in Positions; Women Workers Needed

Women wishing jobs in domestic service need not be without work now, says Capt. P. W. Moore of the Salvation Army. This organization has taken up the work of finding jobs for people and people for jobs, and thus far has placed about forty persons in employment. At present there are several good places in domestic service open to women.

The jobs pay \$4 to \$6 per week with room and board. There are places open in town and also in the country for those who are qualified and willing to take them. A call at the Salvation Army barracks will put the worker in touch with these jobs. "We believe," says Capt. Moore, "the best way to help people is to help them to help themselves. The jobs we have listed are in good families, where permanent work is offered. In some cases the need for workers is urgent."

A good crowd attended the Salvation Army service Monday night to hear Rev. E. A. Hedges, who delivered a sermon and also, assisted by Henry Williams, gave several cello selections. Tuesday, Rev. Mr. Best, pastor of the Roodhouse Baptist church, was the speaker.

Emphasis is being laid during the coming months on the Saturday night open air service. More than 300 persons crowded about the open air rink last Saturday night. Special music was given, also a sermon.

## Jerseyville Man Is Injured by Hit-Run Driver Sunday Eve

Filling Station Operator Unsuccessful in Chase to Catch Driver

Jerseyville—William Mayberry of Jerseyville was severely injured when

he was hit by a hit and run driver Sunday evening in front of the Texaco station on West Pearl street operated by Edwin Whitlow. Mayberry and several companions were walking on the pavement keeping close to the curb on the north side of the highway. There is no sidewalk on the north side of the street at that point.

A rapidly driven car approached from the east. Mayberry's companions got out of the way, but Mayberry was struck by the car and knocked some distance, alighting on the lawn of a nearby residence.

The driver of the car did not stop but increased his speed. Whitlow jumped into his car and started in pursuit of the offending driver. He continued the chase half way to Fledon, but the other car outdistanced him.

Mayberry was rushed to the Jerseyville hospital where he was given

treatment by Dr. B. A. Madsen. His injuries consisted of two puncture wounds to the left side of his head and an injury to the back of his head. Following treatment at the hospital, he was removed to his home in the western part of the city.

**Losses of Many Bee Colonies**  
Losses of many colonies of bees were experienced by Jersey county beekeepers and those in adjacent counties during the winter, according to Justice Charles Mackelden, well known bee authority and state inspector for the Department of Agriculture.

"Many bees keepers have had severe losses the past winter," Mackelden stated Monday afternoon. "I began inspecting colonies the past week, but the cold wave has placed a stop to activities in that line now. Just why the colonies should have become so weakened and die out this winter season is not entirely explained."

### Plow at Night

Night plowing has been practiced by farmers in Jersey county during the past three days in the rush to complete planting oats.

Thursday and Friday nights, the roar of tractors near the western limits of Jerseyville disturbed the slumbers of residents, as the farmers' night plowing shift permitted the gasoline horse no rest until the task was accomplished.

Joe Heltzig of Fledon marketed one of the largest droves of hogs to be shipped during the week. Friday he was on the market at East St. Louis with forty-five porkers that averaged around 200 pounds and brought the top for the day of \$7.40. The hogs were marketed through the Jersey County Shipping association, a Farm Bureau subsidiary, and the producers at East St. Louis, Ill.

C. D. Erich of St. Louis, firestone representative, is spending a few days this week at the local store.

### Isn't This Why You Are Constipated?

What do you eat for breakfast? Coffee, toast, maybe some eggs? What do you eat for lunch and dinner? Bread, meat, potatoes? No wonder you're constipated. You probably don't eat enough "bulk." And "bulk" doesn't mean the amount you eat. It means the kind of food that forms a soft "bulky" mass in the intestines. It's this mass that helps a bowel movement.

The common sense thing to do is to eat a natural laxative food.

Kellogg's All-Bran for breakfast may give you just the "bulk" you need. And it gives you, in addition, Nature's great intestinal tonic, vitamin B. All-Bran is not a drug, not a medicine. Eat it every day, drink plenty of water, and life will be brighter for you! All-Bran is made by Kellogg's in Battle Creek. Sold by every grocer.

## TORCH CLUB VISITS LOCAL GREENHOUSES

The Y.M.C.A. Torch club Monday visited the Hofmann greenhouses, where Harry Hofmann, Jr., explained in considerable detail plant propagation, and the part chemistry and other sciences play in efficient cultivation.

The rose which the company recently patented also was shown the group. Last week the Torch club visited the new municipal electric generating plant.

## It's Often Wise to Arrange in Advance

Some elderly folk, not wishing to leave their families in doubt about their final wishes, make complete funeral arrangements in advance. It is little different than buying insurance, making wills or buying cemetery lots.

*He'll say... Look what it says on the back of the package...*

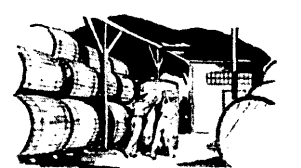

"Chesterfield Cigarettes are a balanced blend of the finest aromatic Turkish tobacco and the choicest of several American varieties blended in the correct proportion to bring out the finer qualities of each tobacco."

# Chesterfield

*...the blend that can't be copied ...the RIGHT COMBINATION of the world's best cigarette tobaccos*

## SIX STEPS TO MORE SMOKING PLEASURE

**AGEING**—Chesterfield's mild ripe tobaccos, like fine wines, are aged for two or more years in huge wooden casks. Here they gradually acquire that true Chesterfield mildness and better taste which give millions of smokers more pleasure.

**STEMMING**—"Almost human" is what they say about the interesting stemming machines, whose fingers pick up the tobacco, leaf by leaf and take out the stem, leaving only the mild, tender, good-tasting part of the leaf to go into the making of Chesterfields.

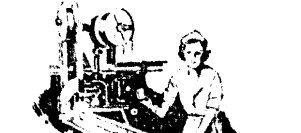

**BLENDING**—There is only one Chesterfield blend... the blend that can't be copied... a happy combination of the world's best American and Turkish tobaccos. Just the right proportions to make Chesterfield a milder, better-tasting cigarette.

**PAPER**—Every Chesterfield you smoke is wrapped in pure cigarette paper... the finest cigarette paper made. That's another reason why Chesterfields are milder and better-tasting.

**MAKING**—Almost faster than the eye can follow, Chesterfields come rolling out of the marvelous cigarette making machines. Chesterfields are always round, firm and well-filled.

**PACKAGING**—Truly amazing are the packaging machines which wrap and seal Chesterfields in their air-tight, moisture-proof packages. Regardless of where you buy them, Chesterfields reach you in perfect condition and they were made that way.

## I. C. Golf and Tennis Teams Leave Friday For Southern Trips

### Golfers to Hit Florida, Tennis Team Louisiana On Week Long Jaunts

Golf and tennis teams from Illinois College will leave Friday on southern trips, the golfers setting away in the morning and the tennis players at noon. The golfers will go as far as Florida, meeting some of the best competition in the southland, and the tennis players will spend a large part of their time in Louisiana and Mississippi.

Capt. Bob Hamm will lead the tennis team, with Ted Rammekamp as the only other letterman available. Leading prospects for the remainder of the team include Bill Allen, of Waverly, Frank Cooper, of Litchfield, Dick Pisarek, of Chicago, and Bud Black of this city.

Golfers who will make the trip south include Capt. Marshall Parks, Bill Cope, Herbert Wiley and Jim Buckley. Eddie Osborne and Gordon Reiners are meeting in a special match this week to decide who will get the fifth place on the team.

The tennis players will stop first at Lambuth college, Jackson, Tenn., and on Monday will play at Louisiana State University, Baton Rouge. Tuesday they are scheduled for matches at Louisiana college at Pineville, and Wednesday they will meet Centenary at Shreveport. They will have a day of rest before taking on Mississippi College at Clinton, Miss., and Saturday they will play at Millsaps. They will close their tour against Vanderbilt at Nashville, Tenn., a week from Monday.

The golfers will stop April 1 at Danville, Kentucky to meet Centre college, and will jump from there to Emory College of Atlanta, Georgia. Their big moment of the trip will come when they take on Rollins college of Winter Park, Florida on Tuesday of next week. From there they will go to Spauldine Hill where at Mobile, Alabama, and Southwestern of Memphis, Tenn.

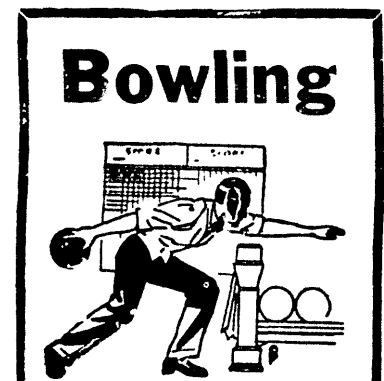

## Cardinals Wallop Washington, 5 to 3

St. Petersburg, Fla., March 28.—(P)—Johnny Mize had a perfect day at bat with two singles, a double and a triple as the St. Louis Cardinals won their eleventh spring exhibition game today, defeating the Washington Senators, 5 to 3.

In the Cards' third inning, Jimmy DeShong filled the bases on three straight walks. Joe Medwick then drove in two runs with a single and Mize batted in another run with his double.

Roberto Estalella got two doubles and Charley Gelbert hit a home run. Bob Weiland.

## YANKEES SHIP PLAYERS OFF TO VARIOUS FARMS

Clearwater, Fla., March 28.—(P)—The New York Yankees shipped six players off to various farm clubs today in the first cut of their 1939 squad.

Pitcher Al Pichola was released outright and outfielder Bill Matheson on option to Kansas City of the American Association. George Washburn, pitcher, and Walter Judnich, outfielder, were optioned to the Newark International League club. Two catchers, Herb White and Ken Sears, left to join Birmingham and Norfolk, respectively.

He emphasized that the exports would involve no dumping or barter arrangements and would be worked out through negotiations with other nations.

## Bill Lee and Cubs Trimmed By Chisox

### American Leaguers Defeat Hartnett's Crew, 10-8

Los Angeles, March 28.—(P)—Bill Lee, the National League's leading pitcher last season, was just another guy named Joe today to the Chicago White Sox as the American Leaguers defeated the Chicago Cubs, 10 to 8.

The Sox hoped on Lee for six hits and six runs, including Eric McNair's home run, in the first inning and added two more runs in the third inning, last frame Lee worked.

Despite their victory on 15 hits, the Sox were out of the Cubs solving two pitchers for 17 hits but many of them were wasted.

## Tigers Win From Cincinnati, 6 to 2

Tampa, Fla., March 28.—(P)—Home runs by Hank Greenberg and Rudy York helped the Detroit Tigers to a handy 6 to 2 Grapefruit victory today over the Cincinnati Reds.

Gene Schott, the Reds' starting pitcher, wobbled in the first inning, walking the second man up, who scored on Gehring's double.

Peaches Davis, relieving in the fourth, yielded one run pronto and in the fifth Greenberg followed Gehring's single with his homer.

Trout and Benton kept the Reds under control throughout after a one-run peep in the first. Hersherberger's double and flies by Bongy and Myers produced the second run in the ninth.

New Braunfels, Tex., March 28.—(P)—The Browns beat the Phillies for the eighth straight time today, scoring three runs in the sixth to win, 6 to 5.

A single by Van Atta, Almada's homer, Hughes' single, and Graces' two-bagger accounted for the trio of tallies.

The Phils led, 4 to 3, going into the sixth.

A short time later, 6,500 food trucks of Franco's "Social Front" organization arrived and started distributing canned food, chocolate and fruit.

The new administration ordered the staffs of theaters and other places of entertainment to stay at their posts so that the life of the city could continue normally, as far as possible.

Republican bank notes were no longer accepted.

## Three Teams Roll Near Top in City Women's Tourney

### Montgomery Wards Club Takes First Prize in Ten Team Play Here

Three teams all were in easy scoring distance of each other during the annual city tournament for women's teams held Sunday at the R and R alleys, but the Montgomery Ward quintet topped the list with 3348 pins. The Orange Crush team finished only six pins behind the leaders and the A.C.W.A. women were third, eight pins back of the leaders.

L. Peters paced the winners with a 515 series, and one game of 207. Mrs. Rex Wynn came in second with 501, with a high game of 178. Fortado hit the high series of the tournament, tapping 540 maps for the

"CALENDAR MUST BE WRONG,"  
HAPPY AGED MAN EXCLAIMSSuffering Wonderfully Relieved,  
Says He Can Hardly Believe He's Actually 72 Years Old Now.

Mr. George Dexter

Every day more and more local people are coming to Gilbert's Pharmacy, 35 South Side Square, to see the latest representative and learn more about the full-strength compound that is doing so much good in this section. As if most everyone will soon be taking it—and no wonder, since it so often brings relief like that obtained by Mr. George H. Dexter, 72, 1650 E. William St., Decatur, who says:

"I'd been troubled with constipation for years, often being so bad that I'd go as long as a week at a time without a single bowel movement. I never slept well at night because of ragged nerves, and when I got up in the mornings I felt tired and weak and was often forced to put up with headaches and dizzy spells. Food almost frightened me, because I knew I'd only be up from the meal table a few minutes before I'd be suffering with sourness, gas, indigestion and heartburn. In addition to all this there were aches in my back and muscles that almost drove me to distraction."

"There's an entirely different story to tell since I've been using Natex, however."

"It got my bowels moving so nicely and thoroughly that I almost forgot that I'd ever been constipated at all. I began to look forward to meals."

knowing I wouldn't suffer a second afterwards. My nerves quieted down so that I began to sleep like a baby almost as soon as my head touched the pillow, and when I got up in the mornings, now I feel rested and refreshed. Yes, sir, and I haven't had to put up with a headache, dizzy spell or any sort of misery in my back or muscles in weeks. The calendar must certainly be wrong now, for I certainly don't feel a bit like I'm really 72 years of age—and I have Natex to thank for it all."

A special Natex representative is at Gilbert's Pharmacy, 35 South Side Square, daily explaining the merits of Natex, and how it can help you. He invites you to visit him. Natex is also sold by most all other leading druggists everywhere.

## GILLHAM FUNERAL HOME

JACKSONVILLE, ILL.

Dear friends:

We are proud of our establishment, our equipment, and our service, naturally.

But we have long since decided that the most important part of our profession is entirely outside the equipment we have. We refer to our friends.

If it were not for our friends we wouldn't remain in business very long. Friends are our greatest asset. And friends can't be purchased—they have to be earned.

Respectfully,

J. L. Gillham  
Fred R. BaileyButcher Hogs Sell  
Lower; Lambs Off

Chicago, March 28.—(AP)—Increased supplies of butcher hogs sold mostly 15 cents lower today and fat lambs were off as much as 25 cents and more after having set a two-year top of \$10.10 yesterday. Strictly good and choice steers met fair demand and cleared at steady prices.

Hog receipts in the open market totaled 13,000, or 1,000 more than advance estimates. The market was unevenly 10 to 25 cents lower with most prices off 15 to 20 cents and top at \$7.50. Good and choice 170 to 200 pound kinds sold from the top down to \$7.35.

Fat lambs were very slow and uneven, weights under 100 pounds selling 25 cents lower. Some heavier weights and lambs lacking finish were off more. Bulk of woolled lambs 100 pounds down sold from \$9.75 downward with a few loads getting \$9.85 to \$9.90.

Strictly good and choice fed steers, and yearlings were scarce and sold strong. Lower grades were 15 to 25 cents off. Light and weighty steers topped at \$13 and yearlings at \$12.50. Most cattle were steady but had a weak undertone.

East St. Louis Livestock  
East St. Louis, Ill., March 28.—(AP)—U. S. Dept. Agr.—Hogs, total receipts 12,500, salable 12,000; market slow, 15-20 lower, some bids 25 off; no action on light lights and pigs; bulk good and choice 170-240 lbs. \$7.15 to \$7.25; 250-280 lbs. \$6.90 to \$7.15; a few good shows \$6.00 to \$6.50.

HANDY HELPERS 4-H  
CLUB HOLDS MEETING

Parents of the Handy Helpers Four-club were guests at the last meeting held recently at the Cordia school. Farm Adviser W. H. Coolidge was present in addition to a number of parents, and made a short talk. Other talks were given by Anna L. Mallicoat and Byron McGinnis. Frank Rolf entertained on his accordion.

Dorothy Lee Mallicoat was in charge of the recreational program, and Bonnie Vedder and Bob Mallicoat gave vocal solos. Those present included Mr. and Mrs. Jake McGinnis, Mr. and Mrs. Clarence Mallicoat, Mr. and Mrs. Frank Rolf, Mr. Schone, Mr. and Mrs. George Jones, Mr. and Mrs. Guy McFadden, Mr. and Mrs. Clyde Western and Mr. and Mrs. Jesse Vedder and family.

The club recently sponsored a card party at the school, awarding the raffle prize to Raymond Mason, and the pinche prize to Joe Long. Maurice Driver, Bob Mallicoat, Dorothy Lee Mallicoat, Anita Jones and Frank Rolf took part in a floor show given in connection with the party.

## New York Stock Market

New York, March 28.—(AP)—It required little pressure to tip the stock market over today, and while late support cut early losses of 1 to 3 points, real recovery vigor was lacking.

Transfers totaled 678,710 shares against 568,160 yesterday. The Associated Press average of 90 issues was off 6 of a point at 48 1/2.

The list, as in recent weeks, inclined to follow London where weakness was pronounced before the opening here.

Reasons advanced for the set-back in security prices both here and abroad varied. In part, the lower price was attributed to fresh uneasiness over German-Polish relations, renewed fears Italy and France may fail to settle their controversy peacefully, and the question of what may happen in European politics in the wake of the fall of Madrid to the Franco forces and the virtual finish of the Spanish civil war.

Wheat Prices Close  
With Small Advance

Chicago, March 28.—(AP)—After fluctuating nervously most of the session, wheat prices finally took a definite upward course today and closed with small fractional gains.

Strength in foreign markets, reports of heavy cash wheat buying at Kansas City yesterday, lifting of hedges in connection with commercial trade, including subsidized exports, and the unsettled European political situation were mild bullish factors.

Widespread moisture in the winter wheat belt and forecast of more had a price depressing effect but this was offset by moderate buying, presumably from mill and elevator sources. Prices never fell more than 1 cent below the previous close and most of the day were unchanged.

Wheat closed 1/4 higher than yesterday, May and July 67 1/2; corn unchanged to 1 lower, May 47 1/2, July 48 1/2; oats unchanged to 1 off; rye unchanged to 1 higher; lard 5 to 7 higher.

White Hall P.T.A.

Dr. Cloud, Group Show How  
Deaf are Taught at Meet:  
White Hall News

White Hall—The Parent-Teacher association met Monday night in the grade school building. Dr. Dan T. Cloud, head of the School for the Deaf, and teachers and pupils from the school demonstrated "How the Deaf Are Taught." At the close of the demonstration vocal solos were sung by Jean Barnett, Virginia Spangenberg and Mary Francine Moles, and a piano solo was played by Barbara Penn.

Visits With Father  
John A. Hicks, from the Great Lakes navy training station visited from Saturday until Tuesday with his father, George Hicks, and his brother, Harold and George, Jr. in White Hall and his brothers Bert and Walter Hicks in Roodhouse as he was en route to Fort Worth, Texas, to meet his wife who is visiting with her relatives there. Mrs. Hicks will accompany him back to the Great Lakes, where he is ship's cook first class on shore duty. Mr. Hicks has been in the navy nine years last October and expects to serve twenty years before he retires on a pension. He has visited in a number of foreign countries since being in the service.

Mrs. Emma Goodwin, who has been critically ill with pneumonia, somewhat improved.  
Mrs. Arthur Mathews, who has been ill with pneumonia passed the crisis Monday and is expected to recover.  
Mrs. Elsie McLammarrah, who is a surgical patient in the White Hall hospital, has been critically ill for the past three days, but was improving Monday evening.

Mrs. James McFarland, who has been ill with influenza is improving. Mrs. McFarland is in her late eighties.  
Mrs. Sylvia Simmons and son, Glen and Mr. and Mrs. Orville Blair of East Alton, drove to Pike county Saturday and visited with a number of relatives and friends and Mrs. Simmons also attended to her farming interests there.  
Mrs. H. E. Elles of Peoria, visited.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## SERIAL STORY

## 'MRS. DOC'

BY TOM HORNER

COPYRIGHT, 1939, NEA SERVICE, INC.

The characters and situations in this story are wholly fictional.

Yesterday, narrowly missing loss and floating debris, Alan and his men arrived at the dam. They go ashore, Alan giving orders to work fast. There are many men injured.

## CHAPTER XVIII

ALAN was at Eric's heels as the engineer led the way up the long, steep steps from the river bank to the office. Acetylene lamps—a pipe in a container that resembled a milk can, and surmounted by a polished reflector—lighted the way. All over the area similar lamps were burning, lighting the debris, the break in the diversion dam, and the wreckage of the main structure in a cold white light.

"Power plant went out too," Baker explained as they finally reached the top, panting and already weary. "We'll have it back in shape soon. Got the electricians on it."

"Get a flock of those torches in the office," Eric ordered. "Keep them away from the wall and the ceiling. They get hot, and we don't want a fire. Get down and hurry them up on that power. The injured men are there." He nodded toward the office.

A few workmen were standing near the closed door. They stepped back, quickly, opening a path for Eric, Alan and the others. Inside, in the dim light, Alan saw the prone forms of a dozen men. Most of them were moaning, a couple were cursing, and in one corner a youngster, hardly more than a boy, was crying softly.

IN a few minutes the engineer's office took on the appearance of a fair operating room. White, sterile, it was covered the table, instruments still covered with sterile towels awaited Alan's gloved fingers. The place glared with white light from the reflectors of the lamps. In gown, cap and mask, Alan stood beside the man, stretched out on the table. Farrell, similarly dressed, stood opposite. The odor of chloroform hung heavy in the air. A torch, perched rather precariously on a shelf, swayed as a blast of wind shook the shack, and Eric rushed to steady it. Weber, at the patient's head, looked up.

"The patient is ready, doctor," he said. The scalpel in Alan's hand, Swift, yet sure. The click of artery clamps.

"Bleeding internally," Alan muttered. Farrell's eyes, bright above the edge of his mask. Father Johnson bending low, whispering, praying.

ERIC stared with sleepless eyes at the ceiling, lighted faintly by the flickering gleam of the

streetlight, shining through the window. The rain on the roof beat an unceasing tattoo in her ears. If only she could stop thinking. If she could only tell Alan. But Alan was gone, out into the darkness of the river. He might never come back. Perhaps, by now, the launch was floating, upside down, miles down stream. Alan in the cold water—Alan—the thought terrified her. She shut her eyes and tried to drive it from her mind.

Alan must come back to her—he must! So that she could tell him that she had been wrong, so terribly wrong. So that she could spend the rest of her life proving to him that she loved him—only him. How could she have imagined that anyone could ever take his place in her heart?

Eric. Poor Eric. There was little left for him. The dam he tried so hard to build was a broken, crushed mass of wreckage. " wreckage, too, were any hopes of romance he might have had. She would never get a divorce.

Not if Alan left her alone every night, not if she did not see him for days. Just to know that he loved her, just to plan his meals, just to press her face against his rough coat—just to wake at night and hear him slamming garage doors—she would be content.

Farrell was right. It was her job to answer the telephone, to be interested in every patient, to find Alan, send him hurrying away from her, to be a doctor's wife. Perhaps Alan would let her do more.

What if Alan didn't want her? What if her threat of divorce, made so rashly, had killed his love. Fear clutched her. Alan couldn't. Alan wouldn't. No. Not Alan. He would love her always. "Forever and a day" he had said so often. And he had promised, as he stood beside her, tall

## Madrid Entered By Forces Of Franco

### CITY'S FALL IS VIRTUAL FINISH OF ENTIRE WAR

#### Starved Citizens Of Capital Cheer, Eat Victors' Food

Madrid, March 28.—(P)—Shell-torn Madrid, symbol of Republican resistance during 32 months of Civil war, passed today into the hands of Nationalist Generalissimo Francisco Franco.

After holding Nationalist forces at the edge of the war-weary, hungering capital for nearly 29 months, the central army withdrew from defense lines and hoisted white flags this morning.

The fall of the city was regarded as the virtual end of the savage, destructive conflict which had frightened Europe for so long.

Franco's triumphant troops marched into Madrid early in the afternoon. Not a shot was fired. The tired populace cheered and danced.

General Miaja flees

In the early morning hours General Jose Miaja, head of the National defense council and onetime "savior of Madrid," his War Minister Segismundo Casado, and all Republican leaders except Foreign Minister Julian Besteiro fled the city.

Thousands of Madrid's "fifth column"—secret Franco sympathizers—swarmed into the streets then and began taking over public utilities, communications and other vital centers.

Nationalist authorities followed the troops into the capital. They immediately assumed control of the municipal administration. One of their first acts was to free 18,000 political prisoners and Nationalist sympathizers held in Madrid prisons.

As the troops entered, jubilant crowds thronged the streets. They gave the Nationalist salute and shouted, "Arriba Espana!" ("up Spain!") and "Viva Franco!" Nationalist flags were flown everywhere.

Franco to Delay Entry

It was not known when Franco himself would arrive. In some quarters it was believed the Generalissimo would delay his triumphant entry two or three days, after "cleanup operations" are completed.

The surrender, expected for days, was ordered by Colonel Adolfo Prada, who succeeded Casado as commander of the Central army when Casado became a member of the National defense council.

White flags of surrender were hoisted on barracks and government buildings after the order. Republican flags came down. The Central army headquarters was almost deserted as the news was announced.

Dozens of motor trucks and automobiles conveying members of the famed "Fifth Column" toured the streets. They distributed Nationalist armbands and flags. Fascist automobiles carried phonographs and loudspeakers that played the Spanish royal anthem and the Fascist anthem.

Balconies were hung with carpets, bright shawls and religious and monarchist insignia. The old red and gold monarchist flag was unfurled on the top of the 14-story telephone building, the tallest structure in the capital.

Franco's troops entered by the Toledo gate.

## AMERICAN GIRL IS WED TO RICH RULER IN INDIA

### Maharaja Of Indore, Young, Educated, Copies Father

Indore, India, March 28.—(P)—The wealthy, Oxford-educated young Maharaja Yeshwant of Indore surprised his subjects today by announcing he had followed in the footsteps of his abdicated father and married an American girl.

He told an assemblage which included nobles and officials he had decided on the marriage to give himself "the mental peace" necessary for the proper discharge of "my duties as a ruler" over the 1,325,000 inhabitants of his central Indian state.

The 30-year-old ruler, son of the former Maharaja Tokoji Rao Holkar, whose marriage to the American Nancy Miller in 1928 caused a sensation, said the wedding had taken place recently in Europe.

Met In California

The bride's name was said by the government publicity director to have been "Miss Branyan" and earlier her name was given as Marguerite Lawler. She and the Maharaja were understood to have met in California about two years ago.

It was believed that the bride was Marguerite Lawler, 30-year-old nurse who attended the Maharaja when he visited California a few years ago. She was born at Fargo, N. D., and was one of seven original United Pacific railroad nurse stewardesses who lived at Los Angeles and Omaha. She formerly was married to John Paul Branyan of Los Angeles.

## Violin Teacher Of Memphis Missing; Fear "Solo Cruise"

### Pretty Young Woman Buys Skiff, Reported Seen Going Downstream

Memphis, Tenn., March 28.—(P)—Pretty Hope Brewster, 24-year-old violin teacher, was missing today and authorities said they feared she had set off on a solo cruise down the treacherous Mississippi river in a \$2 second-hand rowboat.

Miss Brewster, honor graduate of Northwestern University in 1935, disappeared yesterday after leaving the Memphis College of Music where she is an instructor. Police Inspector Clef Richards said Russell Hardwick of the Memphis yacht club identified a picture of the musician as that of a girl who bought a skiff yesterday.

The officer added two Negro employees of the club saw her shove off downstream in the light boat about 2:30 p. m. Officers launched an aerial survey of the river and bulletins were radioed to federal barge line boats to watch for the craft.

Police Capt. Frank Glisson said Miss Brewster's absence was reported by Mrs. Frank Sturm, in whose home she lived. Sturm, assistant vice president of a Memphis bank, said: "She has been working hard recently—teaching, preparing for a recital, and working with the new (Memphis) symphony orchestra. x x x She has a sister, Priscilla, (Mrs. Keith Hester) with whom she has always been very close," living at Baton Rouge, La.

Miss Brewster's father is Donald Brewster, field director of a foundation forest laboratory at Savannah, Ga.

## A DOUBLE HOOKING

Williamsport, Pa., March 28.—(P)—A mess of trout caught Henry Bertin \$21.05 today.

He was fined \$170 for catching 17 trout before the season opens next month, \$25 for fishing without a license and \$25 for trespassing on posted grounds. Court fees made up the rest.

## Shows Gain From FDR's Trips

Washington, March 28.—(P)—Representative Barton (R. N. Y.) estimated in a statement today that business had made a net gain of \$11,322,000,000 because President Roosevelt had taken so many trips.

He said he arrived at that amount by checking stock market changes during the 47 times the president has been absent from Washington since he took office. A trip which Mr. Roosevelt starts tomorrow to Warm Springs, Ga., will be number 48, Barton said.

Taking averages of 90 representative stocks listed on the New York exchange, he said an average gain or loss of 1 point meant about \$340,000,000. He added: "Multiplying this out we discover that—"

Represented by five Florida fishing trips and 22 Hyde Park trips, netted a gain of 42.6 points, of \$14,484,000.

## EDWARD J. ENGEL IS NEW SANTA FE HEAD

New York, March 28.—(P)—A veteran railroad man with a streamlined brain mounted to the throttle of the Santa Fe railroad today.

He is Edward J. Engel, 64-year-old former stenographer, who has used his head to serve the Atchison, Topeka and Santa Fe Line—the longest in the country—for 40 years.

The road's board of directors elected him president today, filling the vacancy caused 29 days ago by the death of Samuel T. Biedson.

## SEARCY NAMED TO HEAD STATE SPENDING QUIZ

### Democrats Support GOP Senator For Chairmanship

Springfield, Ill., March 28.—(P)—The Illinois legislature's joint committee to investigate state expenditures late today elected a Republican chairman, Senator Earl B. Searcy of Springfield, and decided to inquire into anti-administration charges recently made by Senator R. Wallace Karraker, Jonesboro Democrat.

Searcy, former GOP floor leader in the Senate, was chosen to head the investigation over Rep. Clinton Searle, Rock Island Republican. The vote was nine to five with seven Democratic members of the committee supporting Searcy. Rep. Frank Ryan of Chicago, a Democrat, was elected secretary.

Sensor Clinton L. Ewing of Douglas and Searle, who gave Searcy a courtesy vote, were the two Republicans voting for Searcy, who with the four remaining House Republican members voted for Searle.

Karraker "Invited"

Although failing to set a date for his appearance, the committee invited Senator Karraker to recite in person the charges of irregularities he recently made in an open letter. Democratic senators suggested Karraker be heard after a legislative recess for the Chicago municipal election April 4.

The Karraker letter recounted allegations, previously made at Senate and House floors, covering payroll padding charges, nepotism, padding of officials' expense accounts and the charge that a department director "sold" a state job.

Searcy told the committee a report of findings should be made by May 1. Committee members rejected a Searcy proposal that the group set up subcommittees to investigate various subjects.

"Our duty as I see it, is to find waste if it exists and concentrate on saving dollars for taxpayers," Searcy said in a statement. "Neither whitewash nor cleaning of political laundry enters into our duty. I believe that a burdened Illinois public wants relief, not entertainment."

## Japs, Chinese Fight For City of Wuning

Shanghai, March 28.—(P)—Japanese and Chinese troops were reported today to be in a heavy battle for Wuning, Central China town 65 miles northwest of Nanchang, which Japanese reported occupying yesterday.

Japanese dispatches said Chinese entrenched at Wuning were resisting stiffly a mechanized onslaught by the invaders. Both sides told of suffering heavy casualties.

Occupation of Nanchang, a Japanese said, was "complete." However, Chinese military headquarters did not admit loss of the city which for months had been a major Central China air base.

Besides the engagement at Wuning, Japanese said their troops were driving from Nanchang in an attempt to open a way to Changsha, Hunan province capital 220 miles to the southwest.

## HIGH SCHOOL SALARY REPORT SHOWS GAINS

Chicago, March 28.—(P)—A "marked increase" in the average high school teacher's salary was reported today in the annual report of the North Central Association of Colleges and Secondary Schools.

The survey showed more than half the high schools in the 20-state territory of the organization had raised the pay of instructors and principals. Arizona led the list. In that state women received an average of \$1,923 during the past year. Illinois ranked high with payments of \$1,865, \$1,584 and \$3,138.

## MODEL GETS DIVORCE

Chicago, March 28.—(P)—Mrs. Virginia Brent Patterson, 23, a photographers' model, was awarded an uncontested divorce today on grounds of cruelty from Harry H. Patterson, 24, of Winamac, Ind., a student at the University of Illinois School of Pharmacy.

## SENTIMENT FOR ALTERING LABOR ACT INCREASES

### Senate Committee To Open Hearings On Issue April 11

Washington, March 28.—(P)—The hopes of those pressing for amendments to the Wagner labor relations act were buoyed today by two developments:

1. A decision by the Senate labor committee to open public hearings April 11 on the question of altering the act, subject of much controversy.

2. An opinion by the United States Circuit Court of Appeals here that the employer suffers an "inequality" under the act, in that he lacks a legal remedy to protect his business against injury caused by a "struggle of competing unions."

Original Plans

Originally, the Senate committee planned to begin hearings on March 10. After the announcement of its intentions, President Roosevelt called for a conference to end the long war between the CIO and AFL. Senator Thomas then postponed the hearings in the hope that a reconciliation might simplify the amendment problem.

But today Senator Ellender (D. La.) moved that a date be set for hearings and the committee agreed. Ellender told reporters the committee felt there was no need for further delay because the peace negotiators had shown no progress.

## Nazis Tell Poland Not to Heed Advice Of Foreign Powers

### Warn Country That Collaboration With Germany Will Be "Advantageous"

Berlin, March 28.—(P)—Nazi Germany raised an admonishing finger today against any inclination of Poland to join British and French efforts to keep Germany from expanding further.

A pointed article in the foreign office mouthpiece Deutsche Diplomatische-Politische Korrespondenz advised the Poles to stick to their policy of collaborating with Germany as laid down by the late Marshal Joseph Pilsudski, and not to listen to "foreign sirens' lest the result not be 'advantageous' for Poland."

The Polish Foreign Minister, Col. Joseph Beck, is expected to go to London next week to discuss the European situation as altered after Germany's absorption of Czechoslovakia.

The Korrespondenz said Chancellor Hitler considered "a strong Polish nation" a necessity for order in Eastern Europe and added that "responsible quarters in Poland certainly will not overlook the country's special geographical position that up to now has dictated their policy of independently—and this without tension—striving to keep good neighborly relations in all directions."

## Joan Crawford's Divorce is Delayed

Los Angeles, March 28.—(P)—For fear, he said, that California might get the name of granting "mail order divorces," a superior judge today refused to take Joan Crawford's word—via a deposition—that she should be divorced from Franchot Tone.

Judge Benjamin Scheinman continued the case until April 18, with the proviso that if anything happened to keep the movie star from coming to court then, her attorney should notify him and arrange for a later date.

And so Joan, in New York, announced through a spokesman that she would comply with the court's wishes and return home Sunday—"ready to testify personally when the case is called."

## Preparing to Lift Embargo on Spain

Washington, March 28.—(P)—Now that the Spanish war is over, the administration is preparing to do something it refused several times to do in the face of great pressure—lift the embargo on shipment of arms to Spain.

With Madrid in the hands of General Franco, officials said today that lifting the embargo need not await American recognition of the Franco regime, since it would take account solely of the state of fact and not the legal situation.

Officials have expressed the opinion that President Roosevelt has power to end the embargo immediately after he finds that the war is over.

## House Economy Advocates Win Twice Over Farm Bloc

### ILLINOIS HOUSE BODY APPROVES U. OF I. FUNDS

#### Committee Passes On Bill Calling For An Increase

Springfield, Ill., March 28.—(P)—Without controversy, the House appropriations committee today recommended for passage the Peters-Clabaugh-Garman bill calling for an \$18,201,526 appropriation for the University of Illinois during the next biennium.

The vote, after a two-hour hearing in which numerous questions were asked of President Arthur Cutts Willard, was 43 to nothing for approval of the measure. The bill provides \$2,751,904 more than was allotted the university for the current biennium and \$1,665,800 more than was set aside for the institution in the budget submitted to the legislature by the governor.

Two members of the committee expressed hope that some of the increased funds for salaries and wages would be used to "improve the football team."

Wants Good Grid Team

Henry Knauf, Democrat of Ladd, said he hoped the legislators "could go over to the university this fall and see a better football team."

Henry D. Sparks, Shelbyville Republican, had the opposite viewpoint. "I want to commend the university for running an educational institution first," he said. "Let football take care of itself."

## Brewers to Fight Advertising Curb

### Chicago, March 28.—(P)—The American Brewers Association today adopted unanimously a resolution attacking two proposed federal laws which would curtail advertising of alcoholic beverages.

Immediately upon adoption of the resolution, George P. McCabe, general counsel for the Association, left the annual convention here for Washington, where he is scheduled to appear tomorrow to register the group's protest before senate committee hearings on the bills.

One of the bills now pending, by Sen. Arthur Capper (R-Kan.), would bar from the mails newspapers, periodicals, circulars, newsreels or records carrying advertising of beer and other alcoholic beverages. The other, by Sen. Edwin C. Johnson (D-Colo.) would prohibit such advertising by radio.

## SUPPORTERS OF GREEN PLAN PHONE CAMPAIGN

Chicago, March 28.—(P)—Supporters of Dwight H. Green, Republican candidate for mayor in next Tuesday's election, planned a "bell ringing" drive for him today.

Members of the Young Republican and Ward organizations and other groups participating in his campaign arranged to seek votes for their candidate between 7 and 9 p. m. next Friday by calling on homes in their neighborhoods and telephoning friends in other parts of the city.

Recipients of the phone calls will be asked to join in the "chain telephone" movement by calling their acquaintances.

Chicago, March 28.—(P)—Orders in the household furniture industry last month were 19 per cent ahead of February, 1938, the National Association of Furniture Manufacturers said today.

## The 'No. 1 Farmer' Going Home

Warm Springs, Ga., March 28.—(P)—West Georgia farm and village folk prepared to take time off from spring plowing and planting Thursday to welcome Franklin Delano Roosevelt back to the neighborhood as just another farmer home for a visit.

Many planned to watch his arrival as the President of the United States, with all of his official entourage, while others awaited a casual chat with him as a neighbor, out to see the freshly turned acres, the blossoming peach trees and the brightening grassland of this section of the state.

No formal ceremony was arranged. Personal friends planned to be on hand, but as far as the president's neighbors—many of whom he knows by their first names—can make it

## SNOW IN FLORIDA Comes in Boxes, Is Put On Public Display

St. Petersburg, Fla., March 28.—(P)—That white fluff, parents told wide-eyed youngsters staring in a downtown store window today, was snow—the stuff you see pictured on Christmas cards.

And that's about the only place many natives of this sunshine resort had seen it before an air express shipment arrived from Cannon Mountain, New Hampshire, and was placed on public display.

The snow, packed in cartons protected by dry ice, was brought here by the New Hampshire Tourist Society for use at a party.

## UNITED STATES NAVY PLANNING HUGE WARSHIPS

### Roosevelt Gives Navy Authority To Work Out Details

Washington, March 28.—(P)—President Roosevelt has approved the construction of battleships of 45,000 tons, expected to be the world's mightiest, to assure continued American naval supremacy over Japan.

The White House announced today the chief executive had given the Navy authority to proceed with its plans, in accordance with provisions of last year's billion-dollar fleet expansion act.

Two of the floating fortresses, faster and more heavily armed than the six capital craft of 35,000 tons each already being built, are to be started this year, under Navy plans.

Initial Funds

A request for initial funds was included in the Navy's \$758,000,000 budget for the forthcoming fiscal year, on which a House appropriations subcommittee started hearings yesterday.

It is expected that funds for the third 45,000-ton vessel authorized in the expansion act, and others of the same magnitude, will be sought at the next and subsequent sessions of Congress, in the absence of a new treaty curb on the world arms and naval race.

## Former Champaign Sheriff Gives Bond

Champaign, Ill., March 28.—(P)—Former Sheriff C. W. Roth, indicted yesterday along with five others by a special grand jury investigating vice and gambling, surrendered today and was released on \$10,000 bond.

Meantime, the grand jury held a brief session and adjourned until 9:30 A. M. Monday. Observers pointed out the same procedure was followed a week ago and 17 indictments were prepared in the interim. Yesterday James Griffith, the jury foreman, said the jurors had made only a "partial report."

Roth, indicted on charges of bribery and perjury, appeared at the sheriff's office shortly after Ben Durman, charged with keeping a gambling house, had surrendered and was released on bond.

## LAYDEN IS BETTER

South Bend, Ind., March 28.—(P)—Head Coach Elmer Layden, stricken with the flu a week ago, had sufficiently recovered today to take personal charge of Notre Dame's spring football drills.

He spent most of the past week in bed while the gridgers were taking instructions from Line Coach Joe Bonland and other assistants to Layden.

so, the visit will be quiet and restful. Saturday, however, President Roosevelt will be called upon to dedicate two new buildings at the Warm Springs Foundation, a project close to his heart.

One place sure of several visits by the president during his informal drives through the countryside will be his 2,250 acre farm sprawling across Pine Mountain, to the west of Warm Springs.

Otis Moore, tall, red-faced superintendent of the Roosevelt farm, said the president usually visited the place three or four times during his holiday stays here.

President Roosevelt, due late Thursday, stays at the "Little White House," a modest white cottage on the foundation grounds.

## CRUSH 'PARITY' PAYMENTS, ALSO COTTON SCHEME

### Measure Is Finally Passed In "Less Expensive" Form

Washington, March 28.—(P)—House economy advocates emerged jubilantly victorious today from two hectic all-day fights with that usually powerful group, the farm bloc.

By the skippy margin of 13 votes they succeeded in stripping from the billion-dollar agriculture department appropriation bill a \$250,000,000 item for "parity" payments intended to raise the purchasing power represented in farm products to the 1909-1914 level.

And, with plenty of votes to spare, they turned back a \$60,000,000 appropriation closely related to a new plan advanced by President Roosevelt for disposing of the nation's huge cotton surplus.

## ILLINOIS VOTE Here is the Illinois roll call in the vote by which the house refused tonight to appropriate \$250,000,000 for "parity" payments to farmers:

Democrats for: Allen, Arends, Sumner, all of Illinois.

Democrats against: Kelly, McKeough, Maciejewski, Mitchell, Sabatu, Schuetz, all of Illinois.

Republicans against: Chipfield, Church, Dirksen, Johnson, Reed, Wheat, all of Illinois.

Griming at their success, they then in concert with most members, voted for passage of the measure, and turned their thoughts and plans to the pending request of President Roosevelt for a supplemental appropriation of \$150,000,000 to finance work relief until July 1.

Vote Combination

An important element in the rejection of the parity payment fund apparently was a combination of the votes of members from city districts, and the Republican membership generally, although in the latter there were some defections.

One faction of the urban representation had for several days been seeking to obtain assurances of farm-vote support for the \$150,000,000 relief appropriation requested by Mr. Roosevelt, in return for their votes for the parity item. Failing to obtain the pledges they sought, they then voted against the farm group.

While the House was debating the parity payment question, President Roosevelt announced to a press conference a plan for subsidizing exports from the 11,300,000 bale stock of surplus cotton held by the government as security on loans to producers. The plan had been worked out in collaboration with congressional leaders, including Chairman Jones (D-Texas) of the House appropriations committee. Mr. Roosevelt asked an appropriation of \$15,000,000 to finance the program until August 1.

Jones' Amendment

Not many minutes later, Jones arose in the House to submit an amendment to the agriculture appropriation bill under which \$60,000,000 would have been made available to subsidize agricultural exports. That sum would have been in addition to the 30 per cent of customs receipts now set aside for the same purpose. Jones' proposal contained a proviso that as much as 25 per cent of the \$60,000,000 or the exact sum requested by the president for cotton, could be expended on exports of any one commodity.

Economy advocates protested vehemently, and the amendment was rejected by a voice vote with an obvious preponderance of "no's."

It became known that administration leaders would offer later a separate bill to appropriate \$15,000,000 for the cotton export program.

As passed by the House and sent to the Senate, the agriculture appropriation bill calls for an outlay of \$500,000,000 in the next fiscal year for soil conservation payments to farmers, in addition to some \$250,000,000 to pay the expenses of the agriculture department and its subordinate agencies.

The Record Vote

The record vote by which the House rejected parity payments, which would have gone to producers of cotton, wheat, corn, tobacco and rice, was announced as 204 to 191.

Mr. Roosevelt told his press conference that, counting the cotton held as security for government loans, the present carryover of this crop would be about 13,000,000 bales and that he thought this should be reduced to a "normal" of about 5,000,000.

The president proposed a cotton export plan under which \$1.25 per bale (Continued on Page Four)

## Horses On The Road

One of the best arguments against excessive speed on hard roads at night is the frequent presence of horses or other livestock on the right-of-way.

The animals shouldn't be there, of course. According to law, they should not be permitted to run at large. But if a horse gets through an unfastened gate or a gap in the fence and ranges on the hard road, the first automobile driver who comes along at 60 miles or better hasn't any immediate appeal to the law.

If the horse and car arrive at the same place at the same time, the usual result is that both go flying through the air. The occupants of the car are extremely fortunate if they come through the experience without injuries.

Accidents of this kind are reported frequently. Horses, cattle and hogs have been the cause of serious mishaps. There seems to be no iron-clad guarantee against livestock wandering in front of automobiles.

Farmers should take extra precautions to keep their stock from getting out and endangering lives. Automobile drivers should be on the alert for such situations, too, and not make a speedway of open highways after night.

No one knows when a 1,700 pound horse is going to show up suddenly in front of the car lights. A 400 pound hog would have about the same effect on a speeding automobile. The senseless thing to do is to reduce speed and lower the chances of a serious crash.

## A Social Security Office

The Social Security Board, Bureau of Old Age Insurance, is reported to be preparing to open a branch office in Jacksonville. In view of the fact that the people probably know less about the workings of this government agency than any other, and that many questions go unanswered because few are qualified to answer them, establishment of such an office in this city would undoubtedly serve to clarify much misunderstanding.

The average employed person and his employer are aware of the general plan of the Social Security setup, but there are many details that are not clear. In fact, the federal pension plan which became effective in 1937 is still in its infancy. Legislative developments and revisions in the law will take place from time to time.

A Social Security office is needed in this city. There should be a source in this community authorized and competent to discuss and explain these important matters to the public.

## Forests Of The Future

For years we heard the doleful song of the waste of forest trees and the prospect of a treeless nation in some not far distant day. Cutting down trees is of course still going on, mainly in the Pacific states.

But other trees are being planted by the millions to replace those now falling to the axeman's blade. The national forest service, a department of the federal government, cites that 140 million trees were planted during the last year. These are located in 21 different states, and the area covered by the newly planted trees amounts to 154,000 acres.

It costs the government about \$10 an acre to set out young trees, and it is estimated that the last year's plantings are worth seven million dollars at their present stage.

The movement to plant trees is now general, and the federal government, many state governments and numerous private organizations and individuals are helping along this work.

## By-Product Of Prague

One thing has been accomplished by Adolf Hitler in his conquest of Czechoslovakia.

He has swung wider the door to closer relations between the Americas. His recent acts have frightened and embittered millions of people in

South America.

They turn naturally toward closer relations with the United States as their best bet for safety. And the United States also turns south for the sort of understanding that will alone make this hemisphere safe from any possible overseas menace.

From Panama, San Salvador, and the Dominican Republic have come journalistic cries urging closer relations between the Americas for common defense against any possible emergency. In Columbian ports, visitors to German and Italian ships have been given the "bum's rush" when they made remarks unfavorable to dictators.

Whatever else Hitler has done, he has forged another and stronger tie between the two Americas.

## I. C. Debaters Plan Southern Trip; May Enter Eastern Meet

Five Persons on Team Which Will Engage Several Southern Colleges

The Illinois College debaters have completed preparations for their southern trip and are now in the process of putting the finishing touches on their speeches.

John Wilson and Nick Piazza have been selected to represent the college as an affirmative team; Jean Hayes and Clarence Evans will uphold the negative on the question concerning the governmental practice of using money and credit to encourage recovery. Edward Johnston, a four year man on the team, is slated to accompany the team as a utility man and as a potential entry in the individual events at the Grand Eastern events at Rock Hill, South Carolina.

Wilson and Piazza competed against a team from MacMurray, composed of Virginia Allen and Barbara Allen, before the Jacksonville Kiwanis club. Each speaker was allowed five minutes for a constructive speech, but the rebuttal time was increased to fifteen minutes per speaker which was taken up by questions from the floor. This was the final practice debate for the I. C. team.

Debates have been scheduled with colleges all along the route, including some with Roanoke College, Winthrop College, Tulane College, Charleston City College and others. The debaters are expecting to take part in the Grand Eastern debate tournament which takes place April 11-13 at Rock Hill, S. C. Transportation for the team will be furnished by Nick Piazza who will drive his car.

## Carrollton Wins in Greenfield Literary Meet in Major Class

Bunker Hill Takes First in Class B Events; Plan Music Festival

Greenfield — In the sub-district literary meet held here Saturday Carrollton was the winner in Class A with 41 points; Mt. Olive second with 36 points and Carlinville third with 19 points. Bunker Hill was the winner in Class B with 50 points; Greenfield was second with 20 1/2 points and Diverson third with 13 points. The three winners will go to Jacksonville April 14-15 to compete in the district meet.

A district musical festival will be held here next Saturday with bands, choruses and orchestras competing. Over 1,800 pupils are entered. The band program will be held Saturday night.

Miss Jean Knudsen, Mrs. William Frank Parks and daughter, Elita were in East St. Louis Saturday where the latter took the civil service examination.

Miss Margaret Fitzsimmons has returned home after a month's visit with her brother, William Fitzsimmons in Cheetopah, Kansas.

Mr. and Mrs. James Prather, north side farmers are celebrating their 61st wedding anniversary this week. The former is 82 and the latter 78 and for the past 50 years have resided on the farm where he was born. They are both in good health. They have four children, one grandson and 7 great grandchildren.

Mrs. Martin D. Roth returned Sunday from a visit with her father and mother-in-law, Mr. and Mrs. Henry C. Roth in Peoria.

Mrs. Elmer Barnett and son, Jimmy returned to their home in Wood River Saturday after visiting with friends here.

Miss Martha Tendick, a student at Millikin University at Decatur was a weekend guest of her parents, Mr. and Mrs. Arnold Tendick.

Quite a few residents of this city and vicinity have been attending the flower show in St. Louis.

Miss Helen Horn has accepted a position at Beverly Farm, a private hospital near Godfrey.

### LOCAL OPTION

Editor Journal and Courier:  
As a reader of the Journal and a voter in Road District No. Seven, I read with interest the many reasons why the sale of alcoholic liquor should be prohibited. We sometimes get temperance news from unexpected sources. Three weeks ago (March 3) the Nazi leadership called on German youth to assume "a new national duty"—abstinence from alcohol and tobacco, in emulation of Fuehrer Hitler who neither drinks or smokes, as an example for all.

Twelve commandments are listed, to back a slogan urging that wholesome life is a national duty. These objectives are set out in part as follows: Abstinence of youth from alcohol and tobacco, abstinence of pregnant and nursing mothers, alcoholic abstinence whenever carrying special responsibility, such as driving an auto, severe penalties for alcoholic offenses, control of alcohol and tobacco advertising, prohibition of advertising that promotes alcohol or tobacco as beneficial to health or useful in preventing disease. Establishment of public restaurants which do not serve alcoholic drinks; increase in manufacture of non-alcoholic drinks at low prices; promotion of scientific experiments on non-alcoholic drinks; a publicity campaign on the nature of alcohol and the misuse of tobacco; education of youth in wholesome conduct as a national duty; physical exercise for the entire nation.

We may not agree with Hitler's religious views or political methods, but he has an excellent temperance program. Our chief executive, our governors and men in authority would do well to promote a similar national temperance program for America, rather than permitting the liquor interests to spend fifty million dollars a year for advertising and false propaganda "to make youth liquor conscious, make it smart to drink wine, put beer into every American home and to build up so large a voting public of steady drinkers that restriction will be impossible." If alcohol is bad for the German people can it be good for Americans? Certainly not.

Voters of Road District No. Seven will have an opportunity to vote Tuesday, April 4, on the question, "Shall the sale at retail of alcoholic liquor be prohibited in this district?" To vote dry vote yes. The result may depend on your vote. You will not have opportunity to vote again on this question for four years. It is reported that the liquor interest expect to use 25 automobiles to carry wet voters to the polls. The dry voters should not be asleep. Your vote will not count unless you go to the polls and cast your ballot. We must not fail. If all dry voters do their patriotic duty we will surely win the day.

Yours sincerely,

Frank Bourn,  
R. 3, Jacksonville, Illinois.

Doctor Charles Edwin Galloway of Evanston, Associate in Obstetrics at Northwestern University Medical School, will be the guest of honor of the Sangamon County Medical Society on April 6th. A dinner in his honor will be held at the Leland Hotel at 6:30 o'clock and reservations are now being received by the secretary, Dr. E. Harold Ennis of Springfield.

The scientific program will begin at 8:00 o'clock with Doctor Galloway giving an illustrated lecture on "Treatment of Endocervicitis." He will show slides which were shown at San Francisco last June in connection with the American Medical association meeting.

Doctor George Harvey and Doctor Rex Campbell of Springfield have been invited to lead the general discussion of Doctor Galloway's address. Doctors of all adjoining counties are cordially invited to attend the program.

Doctor Emil L. Bernard of Springfield is president of the Sangamon County Medical society.

## History of Opera House Told at Meet

Gamma Chapter of Beta Sigma Phi Hears Discussion of Earlier Theater

Members of Gamma Chapter of Beta Sigma Phi gathered at the home of Marguerite Corrington, 136 Pine street, Monday evening for their model meeting to which guests were invited.

Roll call was answered by naming a favorite book after which a short business meeting was held. Officers for the coming year were elected.

The program consisted of an informal talk about the history of the Grand Opera House by Miss Janette Powell who told something of the tastes and manners of the theatergoers of the 1890's in Jacksonville. In addition to the facts concerning the productions given in the Old Opera House which Miss Powell told, an added note of interest was given the program by first hand reminiscences by Mrs. John R. Robertson.

Mrs. Robertson mentioned briefly a number of famous actors and actresses whose careers she had followed through many years of play going. Mrs. Robertson, also, told of some of the dramatic work which she herself had done in connection with her more intensive musical training. Of immediate interest to the group was her description of her preparation for her role as Galatea in Pygmalion when it was produced for Horace K. Turner in connection with his unusual rotogravure display throughout cities of the east. This play was produced under the direction of William Seymour whose career included the direction of such stars as E. H. Sothern and Julia Marlowe.

At the conclusion of these talks members asked a number of questions which revealed their interest in the plays which had been produced at the Grand Opera House. Refreshments were served by the social committee with Miss Powell pouring at the coffee table.

of I. a companion of the lad shot to death, writes "We were merely looking for more beer, what law have we broken."

Roy L. Smith, noted lecturer and author says:

"A boy only a little past fourteen, belonging to one of our finest homes, returned to his home the other day and described in vivid detail to his mother, the exquisite 'bar' which had been set up in the home of a neighbor. He said it was the latest things in bars, equipped with silver and crystal in the most entrancing style.

"That boy was too young to know that the 'bar' in the neighbor's home was the dynamite that was planted under that home for its ultimate destruction. He did not know the danger lurking in that silver and crystal.

"The greatest difficulty to be met today among youth is the fact that 'good people' are using liquor. Beautifully gowned women sipping their cocktails in lavish cocktail lounges, give the impression that it is an extremely refined and cultured thing to do. The soft lights, carpeted floors, classical music, chromium lounges and chairs are all designed to conceal the nature of the poison that is dispensed within that cocktail lounge.

"Even within some of the 'best' homes the bar is set up. One pastor remarked to this writer last week that many young married couples of his church (most of whom were the well-to-do class) drank cocktails before dinner and laughed at his warning.

"It is not necessary for any one to be a 'prohibition crank' to be greatly alarmed over such a situation. Alcohol makes slaves of its friends just as quickly in a cocktail lounge, under soft lights, to the tune of beautiful music, as in an old fashioned saloon with sawdust on the floor, hurdy-gurdies furnishing the music, and with the smell of stale beer all about. Dr. Will Mayo, of the famous Rochester clinic has said that three out of five who begin as occasional and 'moderate' drinkers, end up as chronic alcoholics.

## Many Jobs Open in Domestic Service, Says Army Captain

Salvation Army Places Forty Persons in Positions; Women Workers Needed

Women wishing jobs in domestic service need not be without work now, says Capt. P. W. Moore of the Salvation Army. This organization has taken up the work of finding jobs for people and people for jobs, and thus far has placed about forty persons in employment. At present there are several good places in domestic service open to women.

The jobs pay \$4 to \$6 per week with room and board. There are places open in town and also in the country for those who are qualified and willing to take them. A call at the Salvation Army barracks will put the worker in touch with these jobs. "We believe," says Capt. Moore, "the best way to help people is to help them to help themselves. The jobs we have listed are in good families, where permanent work is offered. In some cases the need for workers is urgent."

A good crowd attended the Salvation Army service Monday night to hear Rev. E. A. Hedges, who delivered a sermon and also, assisted by Henry Williams, gave several cello selections. Tuesday, Rev. Mr. Best, pastor of the Roodhouse Baptist church, was the speaker.

Emphasis is being laid during the coming months on the Saturday night open air service. More than 300 persons crowded about the open air ring last Saturday night. Special music was given, also a sermon.

## Jerseyville Man Is Injured by Hit-Run Driver Sunday Eve

Filling Station Operator Unsuccessful in Chase to Catch Driver

Jerseyville—William Mayberry of Jerseyville was severely injured when

he was hit by a hit and run driver Sunday evening in front of the Texaco station on West Pearl street operated by Edwin Whitlow. Mayberry and several companions were walking on the pavement keeping close to the curb on the north side of the highway. There is no sidewalk on the north side of the street at that point.

A rapidly driven car approached from the east, Mayberry's companions got out of the way, but Mayberry was struck by the car and knocked some distance, alighting on the lawn of a nearby residence.

The driver of the car did not stop but increased his speed. Whitlow jumped into his car and started in pursuit of the offending driver. He continued the chase half way to Fieldon, but the other car outdistanced him.

Mayberry was rushed to the Jerseyville hospital where he was given

treatment by Dr. B. A. Mardsen. His injuries consisted of two puncture wounds to the left side of his head and an injury to the back of his head. Following treatment at the hospital, he was removed to his home in the western part of the city.

**Lose Many Bee Colonies**  
Losses of many colonies of bees were experienced by Jersey county beekeepers and those in adjacent counties during the winter, according to Justice Charles Mackelden, well known bee authority and state inspector for the Department of Agriculture.

"Many bees keepers have had severe losses the past winter," Mackelden stated Monday afternoon. "I began inspecting colonies the past week, but the cold wave has placed a stop to activities in that line now. Just why the colonies should have become so weakened and die out this winter season is not entirely explained."

### Plow at Night

Night plowing has been practiced by farmers in Jersey county during the past three days in the rush to complete planting oats.

Thursday and Friday nights, the roar of tractors near the western limits of Jerseyville disturbed the slumbers of residents, as the farmers' night plowing shift permitted the gasoline horse no rest until the task was accomplished.

Joe Heitzig of Fieldon marketed one of the largest droves of hogs to be shipped during the week. Friday he was on the market at East St. Louis with forty-five porkers that averaged around 209 pounds and brought the top for the day of \$7.40. The hogs were marketed through the Jersey County Shipping association, a Farm Bureau subsidiary, and the producers at East St. Louis, Ill.

C. D. Erich of St. Louis, Firestone representative, is spending a few days this week at the local store.

### Isn't This Why You Are Constipated?

What do you eat for breakfast? Coffee, toast, maybe some eggs? What do you eat for lunch and dinner? Bread, meat, potatoes? No wonder you're constipated. You probably don't eat enough "bulk." And "bulk" doesn't mean the amount you eat. It means the kind of food that forms a soft "bulky" mass in the intestines. It's this mass that helps a bowel movement.

The common sense thing to do is to eat a natural laxative food. Kellogg's All-Bran for breakfast may give you just the "bulk" you need. And it gives you, in addition, Nature's great intestinal tonic, vitamin B. All-Bran is not a drug, not a medicine. Eat it every day, drink plenty of water, and life will be brighter for you! All-Bran is made by Kellogg's in Battle Creek. Sold by every grocer.

## Social Events

### Centenary Class

**In Meeting Monday**  
The Fidelis class of Centenary church held its regular monthly meeting in the church parlors Monday night. The president, Mrs. Lena Francis, was in charge of the meeting. Devotions were led by Mrs. Frank Ledford. Mrs. T. H. Buckthorpe presided over the program.

At the close of the meeting the hostesses, Mrs. William Wilkinson, Mrs. William Stevenson, Mrs. Fred Six and Mrs. Mae Stice, served delicious refreshments.

### Married Couples Class

**Of Christian Church Meets**  
The regular March meeting of the Married Couples class of Central Christian church was held in the church basement Monday evening with a pot-luck supper and a very interesting program.

There were 16 members who had birthdays during the month of March. They were surprised by being seated at a long table in the center of the dining room, where there was a large pink birthday cake, also candles at each place making a very attractive setting for the supper.

After the supper a short business meeting was held in the church parlors with the vice president, Louis Boddy, presiding. The following interesting program was given: Three accordion numbers, "Memories," "This Can't Be Love" and "Anchors Away" by Reta Wessler. A dance review was given by Ruth Jean Siegfried's pupils, accompanied by her father, Clarence Siegfried; song and dance by Patty Fulton; taptime, Phyllis Ann Barnes; Top Hat Dance, Joan and Marilyn Ring; song and dance, Mary Oma Koehler; skate dance, Patty Fulton. Two humorous sketches were given: "The Acid Test" and "Mary Jane and the Census Man" by Mrs. Harry Hutches and Mrs. George Coraor.

Mary Lou Walters sang two solos, "The Umbrella Man" and "Little Echo" accompanied by her mother, Mrs. John Walters.

The committee in charge of the meeting included Mr. and Mrs. Veri Glassner, co-chairmen, assisted by Mr. and Mrs. Charles Fulton, Mr. and Mrs. Charles Barber, Mr. and Mrs. Milton Edge, Mr. and Mrs. John Chapman.

### Mrs. Brasel Entertains

**For Son At Birthday Party**

## MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties. BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep. So in case you need a good general system tonic, remember for a generations one woman has told another how to go "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders. You'll find Pinkham's Compound WELL WORTH TRYING!

It's Often Wise to Arrange in Advance

(Senior retail tobacconist in Washington, D.C.)

...or any one of the 1,044,492 tobacco dealers in the United States about Chesterfield's can't-be-copied Combination

He'll say... Look what it says on the back of the package...

"Chesterfield Cigarettes are a balanced blend of the finest aromatic Turkish tobacco and the choicest of several American varieties blended in the correct proportion to bring out the finer qualities of each tobacco."

When you try them you will know why Chesterfields give millions of men and women more smoking pleasure... why THEY SATISFY

## SIX STEPS TO MORE SMOKING PLEASURE

**AGEING**—Chesterfield's mild ripe tobaccos, like fine wines, are aged for two or more years in huge wooden casks. Here they gradually acquire that true Chesterfield mildness and better taste which give millions of smokers more pleasure.

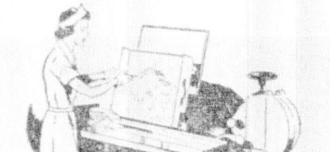

**STEMMING**—"Almost human" is what they say about the interesting stemming machines, whose fingers pick up the tobacco leaf by leaf and take out the stem, leaving only the mild, tender, good-tasting part of the leaf to go into the making of Chesterfields.

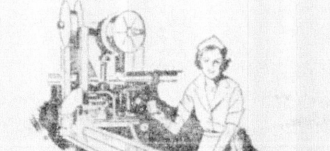

**BLENDED**—There is only one Chesterfield blend... the blend that can't be copied... a happy combination of the world's best American and Turkish tobaccos. Just the right proportions to make Chesterfield a milder, better-tasting cigarette.

**PAPER**—Every Chesterfield you smoke is wrapped in pure cigarette paper... the finest cigarette paper made. That's another reason why Chesterfields are milder and better-tasting.

**MAKING**—Almost faster than the eye can follow, Chesterfields come rolling out of the marvelous cigarette making machines. Chesterfields are always round, firm and well-filled.

**PACKAGING**—Truly amazing are the packaging machines which wrap and seal Chesterfields in their air-tight, moisture-proof packages. Regardless of where you buy them, Chesterfields reach you as fresh as the day they were made.

### CUCCINELLO INJURED

Bradenton, Fla., March 28—(P)—Tony Cuccinello, the Boston Bees' veteran second sacker, was the latest casualty to report to Manager Casey Stengel today, after he stepped into a gopher hole and turned his ankle. The sprain will keep him out of action for at least four or five days.

Al Hazel, rookie southpaw, was another turned-ankle victim, although his injury was not causing Stengel any headaches.

### RED SOX TRIM NEWARK

Sebring, Fla., March 28 — (P) — Woodrow Wilson Rich, prize right-handed rookie of the Boston Red Sox, led his team to a 3-2 six-inning victory over the Yankee-owned Newark Bears today, with rain forcing a halt early in the seventh inning.

Rich worked five innings, holding the Bears to three hits.

## "CALENDAR MUST BE WRONG," HAPPY AGED MAN EXCLAIMS

Suffering Wonderfully Relieved, Says He Can Hardly Believe He's Actually 72 Years Old Now.

Mr. George Dexter

Every day more and more local people are coming to Gilbert's Pharmacy, 35 South Side Square, to see the Nates representative and learn more about the full-strength compound that is doing so much good in this section. Seems as if most everyone will soon be taking it—and no wonder, since it so often brings relief like that obtained by Mr. George H. Dexter, 72, 1650 E. William St., Decatur, who says:

"I'd been troubled with constipation for years, often being so bad off that I'd go as long as a week at a time without a single bowel movement. I never slept well at night because of it, and when I got up in the mornings I felt tired and weak and was often forced to put up with headaches and dizzy spells. Food almost frightened me, because I knew I'd only be up from the meal table a few minutes before I'd be suffering with sourness, gas, indigestion and heartburn. In addition to all this there were aches in my back and muscles that almost drove me to distraction.

"There's an entirely different story to tell since I've been using Nates, however.

"It got my bowels moving so nicely and thoroughly that I almost forgot that I'd ever been constipated at all. I began to look forward to meals,

knowing I wouldn't suffer a second afterwards. My nerves quieted down so that I began to sleep like a baby almost as soon as my head touched the pillow, and when I got up in the mornings now I feel rested and refreshed. Yes, sir, and I haven't had to put up with a headache, dizzy spell or any sort of misery in my back or muscles in weeks. The calendar must certainly be wrong now, for I certainly don't feel a bit like I'm really 72 years of age—and I have Nates to thank for it all."

A special Nates representative is at Gilbert's Pharmacy, 35 South Side Square, daily explaining the merits of Nates and how it can help you. He invites you to visit him. Nates is also sold by most all other leading druggists everywhere.

## Butcher Hogs Sell Lower; Lambs Off

Chicago, March 28.—(P)—Increased supplies of butcher hogs sold mostly 15 cents lower today and fat lambs were off as much as 25 cents and more after having set a two-year top of \$10.10 yesterday. Strictly good and choice steers met fair demand and cleared at steady prices.

Hog receipts in the open market totaled 19,000, or 1,000 more than advance estimates. The market was unevenly 10 to 25 cents lower with most prices off 15 to 20 cents and top at \$7.50. Good and choice 170 to 200 pound kinds sold from the top down to \$7.35.

Fat lambs were very slow and uneven, weights under 100 pounds selling 25 cents lower. Some heavier weights and lambs lacking finish were off more. Bulk of wooled lambs 100 pounds down sold from \$9.75 downward with a few loads getting \$9.85 to \$9.90.

Strictly good and choice fed steers and yearlings were scarce and sold strong. Lower grades were 15 to 25 cents off. Light and weighty steers topped at \$13 and yearlings at \$12.50. Most cattle were steady but had a weak undertone.

East St. Louis Livestock  
East St. Louis, Ill., March 28.—(P)—(U. S. Dept. Agr.)—Hogs, total receipts 12,500, salable 12,000; market slow, 15-20 lower, some bids 25 off; no action on light lights and pigs; bulk good and choice 170-240 lbs. \$7.15-7.25; 250-280 lbs. \$6.90-7.15; a few good sows \$6.00-6.50.

Cattle, total receipts 3,200, all salable; calves total 100, all salable; market slow on steers, a few early sales about steady at \$8.50-9.25; other classes opening generally steady; heifers and mixed yearlings \$8.00-9.50; beef cows \$5.50-7.00; sausage bulls largely \$6.25-7.50; top vealers \$11.25; nominal range slaughter steers \$7.50-12.75; slaughter heifers \$7.25-10.25; stocker and feeder steers \$7.25-10.25.

Sheep, total receipts 2,000, all salable; market opened steady; half-head of choice native clipped lambs to city butcher \$9.00.

## HANDY HELPERS 4-H CLUB HOLDS MEETING

Parents of the Handy Helpers Four-club were guests at the last meeting held recently at the Arcadia school. Farm Adviser W. H. Coolidge was present in addition to a number of parents and made a short talk. Other talks were given by Anna L. Mallicoat and Byron McGinnis. Frank Rolf entertained on his accord.

Dorothy Lee Mallicoat was in charge of the recreational program, and Ronnie Vedder and Bob Mallicoat gave vocal solos. Those present included Mr. and Mrs. Jake McGinnis, Mr. and Mrs. Clarence Mallicoat, Mr. and Mrs. Frank Rolf, Mrs. Schone, Mr. and Mrs. George Jones, Mr. and Mrs. Guy McFadden, Mr. and Mrs. Clyde Western and Mr. and Mrs. Jesse Vedder and family.

The club recently sponsored a card party at the school, awarding the rook prize to Raymond Mason, the pitch prize to Byron McGinnis, and the pinhole prize to Joe Long. Maurice Driver, Bob Mallicoat, Dorothy Lee Mallicoat, Anita Jones and Frank Rolf took part in a floor show given in connection with the party.

## New York Stock Market

New York, March 28.—(P)—It required little pressure to tip the stock market over today and, while late support cut early losses of 1 to 3 points, real recovery vigor was lacking.

Transfers totaled 676,710 shares against 566,160 yesterday. The Associated Press average of 60 issues was off 5 of a point at 48.3.

The list, as in recent weeks, inclined to follow London where weakness was pronounced before the opening here.

Reasons advanced for the set-back in security prices both here and abroad varied. In part, the lower price was attributed to fresh uneasiness over German-Polish relations, renewed fears Italy and France may fail to settle their controversy peacefully, and the question of what may happen in European politics in the wake of the fall of Madrid to the Franco forces and the virtual finish of the Spanish civil war.

## Wheat Prices Close With Small Advance

Chicago, March 28.—(P)—After fluctuating nervously most of the session, wheat prices finally took a definite upward course today and closed with small fractional gains.

Strength in foreign markets, reports of heavy cash wheat buying at Kansas City yesterday, lifting of hedges in connection with commercial trade, including subsidized exports, and the unsettled European political situation were mild bullish factors.

Widespread moisture in the winter wheat belt and forecast of more had a price depressing effect but this was offset by moderate buying, presumably from mill and elevator sources. Prices never fell more than 1 cent below the previous close and most of the day were unchanged.

Wheat closed 1-1/2 higher than yesterday, May and July 67-1/2; corn unchanged to 1 lower, May 47-1/2, July 49-1/2; oats unchanged to 1 off; rye unchanged to 1 higher; lard 5 to 7 higher.

## Deaf Pupils Give Demonstration to White Hall P.T.A.

Dr. Cloud, Group Show How Deaf are Taught at Meet: White Hall News

White Hall—The Parent-Teacher association met Monday night in the grade school building. Dr. Dan T. Cloud, head of the School for the Deaf, and teachers and pupils from the school demonstrated "How the Deaf are Taught." At the close of the demonstration vocal solos were sung by Jean Barnett, Virginia Spangenberg and Mary Francene Moles, and a piano solo was played by Barbara Penn.

Visits With Father  
John A. Hicks, from the Great Lakes navy training station visited from Saturday until Tuesday with his father, George Hicks, and his brothers Harold and George, Jr., in White Hall and his brothers, Bert and Walter Hicks in Roodhouse, as he was en route to Fort Worth, Texas, to meet his wife who is visiting with her relatives there. Mrs. Hicks will accompany him back to the Great Lakes, where he is ship's cook first class on shore duty. Mr. Hicks has been in the navy nine years last October and expects to serve twenty years before he retires on a pension. He has visited in a number of foreign countries since being in the service.

Mrs. Emma Goodwin, who has been critically ill with pneumonia seems somewhat improved.

Mrs. Arthur Mathews who has been ill with pneumonia passed the crisis Monday and is expected to recover.

Mrs. Effie McLammarah, who is a surgical patient in the White Hall hospital, has been critically ill for the past three days but was improving Monday evening.

Mrs. James McFarland, who has been ill with influenza is improving. Mrs. McFarland is in her late eighties.

Mrs. Sylvia Simmons and son, Glen and Mr. and Mrs. Orville Blair of East Alton, drove to Pike county Saturday and visited with a number of relatives and friends and Mrs. Simmons also attended to her farming interests there.

Mrs. H. E. Eiles of Peoria, visited

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

### SERIAL STORY

## 'MRS. DOC'

BY TOM HORNER

COPYRIGHT, 1939, NEA SERVICE, INC.

The characters and situations in this story are wholly fictional.

Yesterday, narrowly missing loss and floating debris, Alan and his men arrived at the damsite. They go ashore, Alan giving terse orders to work fast. There are many men injured.

### CHAPTER XVII

ALAN was at Eric's heels as the engineer led the way up the long, steep steps from the river bank to the office. Acetylene lamps—a pipe in a container that resembled a milk can, and surmounted by a polished reflector—lighted the way. All over the area similar lamps were burning, lighting the debris, the break in the diversion dam, and the wreckage of the main structure in a cold white light.

"Power plant went out too," Baker explained as they finally reached the top, panting and already weary. "We'll have it back in shape soon. Got the electricians on it."

"Get a flock of those torches in the office," Eric ordered. "Keep them away from the wall and the ceiling. They get hot, and we don't want a fire. Get down and hurry them up on that power. The injured men are there." He nodded toward the office.

A few workmen were standing near the closed door. They stepped back, quickly opening a path for Eric, Alan and the others. Inside, in the dim light, Alan saw the prone forms of a dozen men. Most of them were moaning, a couple were cursing, and in one corner a youngster, hardly more than a boy, was crying softly.

In a few minutes the engineer's office took on the appearance of a fair operating room. White, sterile steel covered the table, instruments still covered with sterile towels awaited Alan's gloved fingers. The place glared with white light from the reflectors of the lamps. In gown, cap and mask, Alan stood beside the man, stretched out on the table. Farrell, similarly dressed, stood opposite. The odor of chloroform hung heavy in the air. A torch, perched rather precariously on a shelf, swayed as a blast of wind shook the shack, and Eric rushed to steady it. Weber, at the patient's head, looked up.

"The patient is ready, doctor," he said. The scalpel in Alan's hand. Swift, yet sure. The click of artery clamps.

"Bleeding internally," Alan muttered. Farrell's eyes, bright above the edge of his mask. Father Johnson bending low, whispering, praying.

ERIC stared with sleepless eyes at the ceiling, lighted faintly by the flickering gleam of the

streetlight, shining through the window. The rain on the roof beat an unceasing tattoo in her ears. If only she could stop thinking. If she could only tell Alan. But Alan was gone, out into the darkness of the river. He might never come back. Perhaps, by now, the launch was floating, upside down, miles down stream. Alan in the cold water—Alan—the thought terrified her. She shut her eyes and tried to drive it from her mind.

Alan must come back to her—she must! So that she could tell him that she had been wrong, so terribly wrong. So that she could spend the rest of her life proving to him that she loved him—only him. How could she have imagined that anyone could ever take his place in her heart?

Eric. Poor Eric. There was little left for him. The dam he tried so hard to build was a broken, crushed mass of wreckage. Wreckage, too, were any hopes of romance he might have had. She would never marry Eric. She would never get a divorce.

Not if Alan left her alone every night, not if she did not see him for days. Just to know that he loved her, just to plan his meals, just to press her face against his rough coat—just to awake at night and hear him slamming garage doors—she would be content.

Farrell was right. It was her job to answer the telephone, to be interested in every patient, to find Alan, send him hurrying away from her, to be a doctor's wife. Perhaps Alan would let her do more.

What if Alan didn't want her? What if her threat of divorce, made so rashly, had killed his love. Fear clutched her. Alan couldn't. Alan wouldn't. No. Not Alan. He would love her all ways. "Forever and a day" he had said so often. And he had promised, as he stood beside her, tall and handsome—"Until death do us part."

He was different now, this Alan of hers. How different from the boy she had met—and loved at night—so long ago. His laugh was still as clear

## Standard Test To Replace Exams in Morgan Schools

County Superintendent Of Schools Announces Change

A standard achievement test will replace the annual final examination given for students in the eighth grade in Morgan county schools. Victor Sheppard, county superintendent of schools, has announced. Notices of the proposed change have been mailed to teachers throughout the county.

The test will be held Thursday, April 2 at nine o'clock in six schools in the county. The schools and the teachers in charge are as follows: Appalonia, Winona Rawlings; Alexander, Grace Armstrong; Woodson, Dorothy Story; Litterberry, Bradford Stewart; Concord, Ada Barton; South Jacksonville, M. Jane Wright. The teachers in charge will conduct the test and be assisted by visiting teachers. The completed tests will be forwarded to the county superintendent and will be graded in his office.

By the tests Mr. Sheppard hopes to be able to compare the accomplishments of Morgan county children with those of others in schools throughout the United States, where the standard achievement test is conducted. The standard test, which consists of questions on subjects studied by the boys and girls, has been arranged by leading educators of the country.

Superintendent Sheppard states that the standard test eliminates to a large degree the personal preference in the selection of subject matter covered in the examinations. All children will be graded in a like manner doing away with any grading inequalities of teachers. The questions will be objective.

The change in plans for the annual examination does not mean the teacher must do additional work or change the method of review. Heretofore there have been two examinations denoted as Central and Final examinations. The standard test eliminates both of the examinations.

## Miss Susan Eames Addresses Class

Discusses Missionary Work In China at School Meeting

Miss Susan Eames, for the past thirty years carrying on active missionary work in China, spoke to the members of the sophomore class of Jacksonville high school during the regular weekly meeting of the group yesterday afternoon.

Seven years ago was the last time Miss Eames had visited the United States. Since then the devastating war has swept over parts of China, including the city where Miss Eames does her work. The entire city is under the control of the Japanese and, as a result, the personal liberties of the remaining Chinese residents are practically non-existent.

These terrible conditions accentuate the comparative tranquility and well-ordered life in the United States. Education of the youth, which has always been taken more seriously in China than in the United States, has taken added meaning and significance during the strife.

Educational opportunities are restricted to a comparative few and a student feels the need and advantages of continuing in the schools as long as possible.

It was also noted by the speaker that the new currency situation is very serious in China. Recent issues of new currency, which is suspiciously regarded and often refused by the farming classes, has added to the economic chaos.

Following the talk descriptive pictures of China life and architecture were displayed to a group of the class members by Miss Eames. The speaker was introduced by Betty Ann Curtis, following a short business meeting conducted by the president of the class, Guy Winks, and the secretary, Blanche Eades. An announcement concerning the annual Junior-Senior Prom was made by Bob Pine.

## CHRISTIAN CHURCH TO HOLD SUNRISE SERVICE ON EASTER

Central Christian church is preparing the program for the sunrise prayer meeting held on Easter morning in the church auditorium at 6:30 o'clock. For many years the church has been filled upon this occasion with people interested in the inspirational program which continues for one half hour.

For many years the churches of Jacksonville have conducted a union communion service during pre-Easter week. This year the service will be held in the Northminster church; Dr. M. L. Pontus pastor of Central church will deliver the sermon; the service is held at 7:30 o'clock Thursday evening, April 6th, and the public is invited.

## 200 Attend Home Bureau Jamboree; Games Are Played

Champions in Checkers And Cards Selected During Entertainment

County champions in several kinds of card games and checkers were named last night during the Morgan County Home Bureau Jamboree, a social event which drew more than 200 persons to the American Legion Home. Attended by Home and Farm Bureau members and their families, it was the first event of its kind ever held in the county.

Unit winners in checkers, bridge, pinocle and other games played for championships. Later in the evening the party was turned into a box social, with many boxes of food being offered to bidders.

Results of the contests were: Bridge, Mr. and Mrs. Paul Aufdenkamp; pinocle, Chester Walsh, Mary Armstrong; checkers, Andy Reed, first; Earl Traver, second; Chinese checkers, for adults, E. O. Sample, Irene Webster; Chinese checkers for children, Margaret Anderson, Joseph Casey; pitch, Harry Bourn, first; Oren Mallicoat, second; pitch, women's division, Anna Louise Mallicoat, first; Mrs. Norbert Roth, second.

Door-prizes were awarded to Mrs. Homer Harrison, Claude Jewsbury, Merle Vasey, Charles Hadden and Littleton Adams.

Elmer Muehendorf was auctioneer of the boxes.

The event was planned and carried out by the Home Bureau, of which Mrs. Lita H. Luebbers is adviser. A number of committees cooperated to make the event a success. The unit recreation chairman acted as hostesses to their members and friends.

## Costume Recital Is Presented Tuesday

Local Musicians Give Program at Congregational Church

Concert numbers from grand and light opera were heard Tuesday evening in a costume recital presented by talented musicians at the Congregational church, under the direction of Mrs. Helen Brown Read.

Accompanists were Miss Mahala McGee, Mrs. Lois Watt Eckman and F. G. Meyers. The concert was sponsored by the Isabella Beecher Guild.

The beauty and musical appeal was brought out in both types of opera and in the varied program which was unusually outstanding as a cultural program and as medium of entertainment, giving compositions of Gounod, Foster, Bizet, Gilbert and Sullivan, Puccini and Victor Herbert. The entire program was given with zest and fine interpretation, which was reflected in the appreciation of the large audience. The costumes were exceptionally attractive, being authentic in every detail.

"The Three Little Maids From School," (Mikado), Gilbert and Sullivan, was given by Arden Black, Dean Patrick and Emma Darr. Always a favorite, this number was given charmingly, as a fine opening for the program.

Stephen Foster's "Jeanie With the Light Brown Hair" was a pleasing selection, sung by Mimi Meyers, Miss Armeada Woods gave her solo number, "Ave Maria," Gounod, with violin obligato, F. G. Meyers, with fine interpretation. "Deep In My Heart Dear," (Student Prince), was given an artistic rendition by Mrs. Edward Flynn and Howard Potter, two singers well known to Jacksonville audiences.

Puccini's "Every Flower" (Madam Butterfly) was also a lovely duet number by Florence Short McCoy and Lucille Short Letzke, given with fine effect.

"Habanera," (Carmen), Bizet, particularly fascinating with its delightful rhythm, was beautifully given by Miss Rhoda Olds, who in a lovely costume sang with pleasing dramatization.

Songs of the Gay Nineties were given by a male quartette lending variety to the evening's entertainment. The quartette included Lawrence Corrigan, Gordon Reiners, William Clark and William Aillyn.

This number was followed by two readings by Miss Dorothy Remley, "Chit Chat for Women," "Lecture for Unmarried Women," Godey, 1873, and "Crowned," poem, 1869. Miss Remley is well known for her talent as a reader and her selections were of outstanding merit.

The closing number, "Italian Street Song," Victor Herbert, with Karolyi Ruckert soloist, with the Illinois College Women's chorus was enthusiastically received.

Personnel of Chorus: Muriel Lemm, Romayne Reed, Emilie Walls, Marjorie Krone, Karolyi Ruckert, Lois Kunkelman, Sally Friley, Jean Campbell, Lois Deemer, Sara Jane Walker, Irene Chapman, Ruth Salmons, Elizabeth Hudson, Margaret Lacey, Cecile Corbett, Barbara Ormsby, Dorothy Peterson, Sally Siekin, Francis Lane, Jane Owens, Doris Brail.

## Eloise Million And Russell Cain Marry In Missouri Rites

Well Known Young Couple From Murrayville Are Wed March 25

Murrayville, March 28—Miss Eloise Million, daughter of Mr. and Mrs. C. U. Million, and Russell Cain, son of Mr. and Mrs. Irvin Cain, both of Murrayville, were united in marriage Saturday, March 25, in Bowling Green, Missouri. Rev. J. A. Hughes, pastor of the Methodist church, officiated. The single ring ceremony was used. The ceremony was witnessed by Mr. and Mrs. Everett Brodgon of Jacksonville.

The bride was attractively attired in a navy blue costume with blue accessories. She also wore a cameo pin which was her grandmother's. She is a graduate of the Murrayville community high school with the class of '36. Both young people are well and favorably known by a large number of friends.

Following the ceremony the couple motored to Bloomington, Illinois, where they were guests of relatives over the weekend. They will make their home in Jacksonville where Mr. Cain is employed.

## Couple Married In Carrollton Rites

Orville Shenkel and Wilma Pitts United Tuesday At Four O'clock

White Hall, March 28—Orville Shenkel of this city and Miss Wilma Pitts of Walkerville were united in marriage at 4 o'clock this afternoon in Carrollton, Justice of the Peace Walter Postlewaite performing the single ring ceremony. They were attended by Mr. and Mrs. Irvin Smith of White Hall.

The groom, son of Mr. and Mrs. Frank Shenkel, graduated from White Hall High school in 1932. He is employed by the Ruckel pottery. The bride also attended the local high school.

For the present the young couple will make their home with his parents, expecting to move to a home of their own within a few months.

## Mrs. Mary S. Cooper Dies at White Hall

Funeral Will Be Thursday Afternoon; Nephew To Arrive By Plane

White Hall, March 28—Mrs. Mary Smith Cooper died this morning at 6:40 o'clock at her home on West Lincoln street. She had been a resident of this city since 1912.

She was born May 3, 1858, and was united in marriage with Robert Hale Walworth of Godfrey, Ill., in 1881. They were parents of one daughter, Mrs. Faye Moore, with whom Mrs. Cooper resided here.

The decedent was united in marriage with John Cooper at Burden, Kansas, in 1902. After his death in 1912 she came to this city.

Funeral services will be held Thursday afternoon at 2:30 o'clock at the M. E. church, Rev. G. W. Kinsman officiating. Interment will be made in White Hall cemetery.

A nephew, Clare Tolman of Los Angeles, Calif., is enroute here by airplane and will arrive Wednesday.
